**Mayo Clinic Hospital**, designed and built by the internationally renowned Mayo Clinic. This hospital, a five-floor, 440,000-square-foot health care facility, opened in October 1998. The hospital has 178 licensed beds including 112 medical/surgical beds, 20 critical-care beds, six beds in a short-stay unit, 24 skilled-nursing beds and 16 rehabilitation beds. The main lobby features a five-story atrium flooded with natural light, landscaped with greenery and a fountain, and furnished with comfortable seating areas. The atrium provides a serene and calming environment for patients and visitors. Other programs planned for the site include a research center, medical clinic and educational facility, which would ultimately make the facility the largest employer in Northeast Phoenix with up to 10,000 jobs.
