Captivating Sunsets

Views, Views, and more Views! Incomparable setting on Troon Mountain sets the tone for this home with an elevation offering up close mountain views as well as sparkling city lights and the valley beyond. High ceilings and floor to ceiling windows showcase the views throughout the interior as does the highly appointed outdoor living spaces.

The design of the residence provides a single level with no steps, which is a rarity for any hillside property. Living spaces include a formal great room, relaxed family room with built-in cabinetry, eat in kitchen with breakfast room and executive office with built-in desk, shelving and storage.

Master suite provides private access to back patio, seating space, and bathroom area outfitted with a jetted soaking tub, walk-in shower, and dual vanity space. Two additional bedrooms are available for guests with both fully ensuite featuring private bathrooms.

A terraced back yard provides both covered and open air spaces for both dining and seating, landscaped with beautiful flowering desert plants and chollas plus a heated pool with soothing rock water feature.

With transitioning views from morning to night as well as a stellar floor plan, this is the house you will want to make your home!
