Captivating Sunsets

This stunning and extensive 2020 remodel transforms this popular floor plan in gated Desert Summit into a customized home complete with all the bells and whistles.

Sitting on a premium cul-de-sac lot with panoramic views including Pinnacle Peak and Troon Mountain. With 4,600 + SF of living space encompassing 4 bedrooms (split master and jr. master suites downstairs), three and half baths, private office adjacent to the master, loft for the two upstairs guest suites, a large bonus room/gym, formal dining room, and a great room set up for an open feel.

Upon entering you will immediately notice the wood and iron floating staircase, the neutral tile floors and paint, the accented dark wood cabinetry and centerpiece steel patina surround fireplace. The multiple view and clerestory windows and doors bring in lots of natural light.

The kitchen boasts brand new Thermador soft opening paneled fridge and freezer, stainless steel and black framed Miele appliances including two dishwashers, three wall ovens (one steam), warming drawer, along with a wine fridge, six-burner with griddle gas stove, center island with bar seating, and cabinetry pantry space.

The backyard is an entertainer's dream with low-care landscaping, extensive tumbled travertine hardscape, covered patio, refreshing pool and spa, recessed heaters, fire pit, and modern view fencing overlooking the Natural Area Open Space and taking in the Arizona sunsets!

Here are just some of the too many to list features: all new interior and exterior doors; three car-garage with new overhead doors, epoxy floors and cabinetry; new interior and exterior paint; wood flooring in bedrooms and loft; accent tile in all the bathrooms; master bath featuring dual vanities, walk-in closet, soaking tub, and separate walk-in shower with extra tall custom Grid Scape glass; upgraded lighting, light fixtures, and hardware throughout; two water heaters. Don't miss out as this one will sell fast!
